

SQ 836

Proponents for SQ 836 claim that some Oklahoman voters are disenfranchised by our current system because Independents cannot vote in the Republican primary. They can. They just need to register to become a Republican OR they can wait to vote in the general election.

It is their choice to register as an Independent.

Proponents also claim, “Research shows most voters want to choose the best person for the job regardless of party affiliation.”

That is blatantly false.

We need only look at the last presidential election Trump vs Harris to recognize the inaccuracy of that claim. Kamala Harris’s lacked a substantive record of achievement plus lacked support within her own party. And yet she still received 48% of the popular vote.

Clearly, elections are about Party affiliation. That is why maintaining a separate Democrat primary and Republican Primary are essential to the integrity of our election process.

To maintain fair and authentic elections for both Democrats and Republicans VOTE NO to SQ 836.
